

Dear Parent/Guardian:

All Kindergarten students and new students must submit a Trinity Academy physical form and all state required immunizations must be up to date *prior* to the start of the school year or the student will not be allowed to begin school. *Providing just a copy of immunizations is NOT sufficient information to comply with health department regulations.*

Students in the 3rd and 6th grade must provide a Trinity Academy physical form by December 1, 2010 All students entering the sixth grade are required to show **proof of one dose of Tdap and one dose of meningococcal conjugate vaccine.**

It is important for you to review your child's immunization record with their Physician to insure all immunizations will be up to date. Attached is a list of the current required immunizations which are required for students **prior to attending school**. If you have any questions, please contact the nurse's office at extension 15. Thank you for your cooperation.

Sincerely,

Annamae Curran RN
